TPL Communications Rewards Employees With Stock Ownership Plan

TPL Communications has taken a significant step toward the future through the sale of its stock to its hard working and dedicated employees. The current management team and the previous owners, Jim Briggs and John Ehret, remain with the company and continue to be dedicated to providing high quality products, responsive customer service and tailored solutions to any customer requirement.

In recognition of the contribution made by the employees to TPL's current success and with an eye toward further expansion and progress, Briggs and Ehret sold their shares to an Employee Stock Ownership Plan (ESOP). As employee/owners, TPL's people have a personal stake in maintaining the company's high standards and in future improvement. "We wanted a plan that would carry on the excellent reputation that TPL Communications has built over the last 30 years. We could not think of a better way than to place the company in the hands of the people who helped us get here" stated John Ehret, President of TPL Communications.

The management team and employee/owners of TPL Communications, along with John Ehret and Jim Briggs, look forward to continuing and enhancing the company's tradition of excellence in products and service to its customers.
